

Section 1: Identification

Product Name: SPLAT FCM FL
Product Code: SPLAT FCM FL

Manufacturer: ISCA Technologies, Inc.
1230 Spring Street
Riverside, CA 92507
USA
info@iscatech.com

Recommended Use: For selective control of the False Codling Moth, *Thaumatotibia (Cryptophlebia) leucotreta*

Emergency Phone Number: +1-951-686-5008

Section 2: Hazard Identification

GHS-US classification and Hazard Statement:

H302 - Harmful if swallowed
H316 - Causes mild skin irritation
H320 - Causes eye irritation
H313 - May be harmful in contact with skin

Hazard Pictograms:

Precautionary Statements:

P102 - Keep out of reach of children
P103 - Read label before use
P270 - Do not eat, drink or smoke when using this product
P233 - Keep container tightly closed.
P264 - Wash hands, forearms, and exposed areas thoroughly after handling.
P280 - Wear eye protection, protective clothing, protective gloves
P303+P361+P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing

P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
P312 - Call a POISON CENTER or doctor if you feel unwell
P337+P313 - If eye irritation persists: Get medical advice/attention
P403+P233 - Store in a well-ventilated place. Keep container tightly closed
P235 - Keep cool
P501 - Dispose of contents/container according to local, regional, national, and international regulations

SECTION 3: Composition/information on ingredients

Name	CAS #	Molecular Mass	Molecular Formula	Chemical Name
(E)-8-Dodecenyl acetate	38363-29-0	226.4	C ₁₄ H ₂₆ O ₂	(E)-8-Dodecenyl acetate
(Z)-8-Dodecenyl acetate	28079-04-1	226.4	C ₁₄ H ₂₆ O ₂	(Z)-8-Dodecenyl acetate
Oil, wax and water emulsions	Not applicable	Not applicable	Not applicable	Not applicable

SECTION 4: First aid measures

Description of first aid measures

Inhalation: Move victim to fresh air. Administer oxygen if breathing is difficult and Keep comfortable for breathing.

Skin: Remove all contaminated clothing, including footwear. Flush skin and hair with running water (and soap if available). If skin irritation occurs: Get medical advice/attention.

Eye: Immediately hold eyelids apart and flush the eye continuously with running water. Ensure complete irrigation of the eye by keeping eyelids apart and away from eye and moving the eyelids by occasionally lifting the upper and lower lids. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Ingestion: Call poison control center or doctor for treatment advice. Do NOT induce vomiting unless told to do so by poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

Notes to Physician: All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred.

SECTION 5: Firefighting measures

Suitable Extinguishing Media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Special hazards arising from the mixture: Data Not available

Advice for firefighters: Wear self-contained breathing apparatus for firefighting if necessary

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures:

Personal Precautions: See section 8.

Environmental precautions: See section 12.

Methods and material for containment and cleaning up: In case of leak or spill, wipe with paper towel and dispose of waste when product hardens. Clean equipment with water and citrus or limonene detergents.

Section 7: Handling and Storage

Storage: Store product in sealed containers. For optimal shelf life, product should be kept refrigerated at 39 – 46 °F (4 – 8 °C). Do not freeze. If refrigeration is not available, store product in a cool dry place, out of direct sunlight. Do not exceed 75°F (25°C) for long-term storage.

Incompatible materials: Keep away from heat, oxidizers and strong acids.

SECTION 8: Exposure controls/personal protection

Exposure Controls:

Engineering Controls: Safety shower and eye wash.

Personal Protective Equipment: Applicators and handlers must wear long-sleeved shirts, long pants, socks, shoes, and waterproof gloves. Protective eyewear is recommended. Follow the manufacturer's instructions for cleaning maintaining PPE. If no such instructions are available for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

General Hygiene measures: Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Avoid contact with skin, eyes or clothing. Remove contaminated clothing and wash before reuse.

Section 9: Physical and Chemical Properties

Physical state:	Thick liquid	Specific Density:	0.93 ± 0.03 g/cm ³ Temp: 25 °C
Color:	Light gray	Partition	Data not available
Odor:	Waxy, fatty	coefficient n-octanol/water:	
pH:	7.0 ± 0.2	Solubility:	Partially soluble in water
Melting point:	Data not available	Evaporation Rate:	Data not available
Boiling point:	Above 100°C	Vapor Pressure:	Data not available
Flash Point:	Not applicable. Product is not flammable.		

Section 10: Stability and Reactivity

Reactivity: No dangerous reaction known under conditions of normal use.

Chemical stability: Stable under normal temperatures and pressures.

Possibility of hazardous reactions: Hazardous polymerization will not occur.

Conditions to avoid: High temperatures, sparks, open flames and live electrical circuits.

Incompatible materials: Oxidizing agents, strong acids.

Hazardous decomposition products: In case of fire oxides of carbon, fumes or vapors, soot and smoke may be produced.

Section 11: Toxicological Information

The toxicological properties of this product have not been thoroughly investigated.

Section 12: Ecological Information

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. If applying aerially, spray valves must be shut off when passing over surface water not under the tree canopy. Do not contaminate water when disposing of equipment wash waters or rinsate.

Section 13: Disposal Considerations

Pesticide disposal: To avoid waste, use all material in this container by application according to label directions. If waste cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by regional or local governments or by industry).

Container handling: Non-refillable container. Do not refill or reuse this container. Scrape any remaining product out of the container with a spatula or other appropriate tool. Offer container for recycling if available, or puncture and dispose of in a sanitary landfill, or by incineration. Do not burn unless allowed by regional and local ordinances. Observe all national, regional, and local environmental regulations.

Section 14: Transport Information

DOT (US): Not dangerous goods

IMDG: Not Dangerous goods

IATA: Not dangerous goods

Section 15: Regulatory Information

US Classification and label Text: Indication of Danger: None. Safety Statements: Keep away from heat – no smoking.

United States Regulatory information: SARA Listed: No

Section 16: Other Information

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Users are advised to confirm in advance of need that information is current, applicable and suited to the circumstance of use. ISCA Technologies, Inc. shall not be held liable for any damage resulting from handling or from contact with the above product. Furthermore, ISCA Technologies, Inc. assumes no responsibility for injury caused by abnormal use of this material even if reasonable safety procedures are followed. Any questions regarding this product should be directed to the manufacturer identified in Section 1.
